Condition of Contracts

Clause: 1

Security deposit:

- The security deposit to be taken for the due performance of the contract will be 2% of the tender amount (inclusive of Earnest Money). The successful Bidder shall pay:
- 1) 2% of the estimated amount of work (inclusive of Earnest Money) at the time of agreement only
 - 2) The Development Authority shall be at liberty to invest the deposit in any form it chooses and shall not be liable for payment of any interest on this sum to the contractor in that case.
The deposit shall be available for forfeiture by the Development Authority in case of default by the contractor.
The Security Deposit shall be returned to the contractor without any interest when the contractor ceases to be under any obligations under the contract i.e. after completion of defect liability period of one year from the date of commissioning & completion and shall be returned after the Development authority is satisfied that no defect is discovered in the work, or no claim is found out against the contractor against the contractor within this period. In such cases, payment will be made after defect is removed and/or claim is satisfied.

Clause: 2

Action when whole of the Security Deposit is for forfeited:

In any case in which under any clause or clauses of this contract, the contractor shall have rendered himself liable to pay compensation amounting to the whole of this Security Deposit the Chief Executive Officer shall have power to adopt any of the following courses as he may deem best suited in the interest of the Development Authority

- a) To cancel the contract by giving notice in writing which shall be conclusive evidence, in which case the Security Deposit of the contractor shall stand forfeited and shall be absolutely at the disposal of the Development Authority.
- b) To carry out work or any part of work departmentally debiting the contractor with the cost of work expenditure incurred on tools and plants, crediting him with the value of work done departmentally in all respects in the same manner and at the terms his contract in which case the certificates of the Executive Engineer shall be final and conclusive.
- c) To order that the work of the contractor be measured up and take such part thereof as unexecuted and take, out of his hands and to give it to another contractor to complete remaining work, in which cases the excess expenditure if incurred shall be borne by the original contractor, and same shall be deducted from any money due to him by the Development Authority for which the certificate of the Executive Engineer shall be final and conclusive.

In the event of any of the above courses being adopted by the Chief Executive Officer the contractor shall have no claim for compensation for any loss sustained by him by reasons on his having purchased or procured any materials or entered into engagement or made any advance on account of or with a view for the execution or the work of the performance of the contract. And in case the contract shall be rescinded under provision aforesaid, the contractor shall not be entitled to cover or be paid any sum for any work there to actually performed under this contract unless and until the Executive Engineer certifies in the writing the performances of such work and the value payable in respect thereof and he shall only be entitled to the payment of the value so certified.

Clause: 3

Extension of the time:

If the contractor shall desire an extension of time for completion of the work on the grounds of his having been unavoidably hindered in its execution or any other grounds he shall apply in writing to the Executive Engineer within 30 days of the last date of completion on accounts of which he desires such extension as aforesaid and the C.E.O., shall if in his opinion (which shall be final) finds reasonable grounds, grant such extension of time as may in his opinion be necessary and proper.

Clause: 4

Completion Certificate:

On completion of the work, the contractor shall be furnish a certificates from the Executive Engineer of such completion but no such completion certificate shall be given until the contractor removes all appurtenance such as scaffolding shoring, temporary support etc. and cleared the site of all surplus material, rubbish etc., and shall have handed over to Engineer-in-charge, the completed work neatly furnished, in clean and tiptop condition with all parts of this structures of work cleaned of all dirt stains etc. to the satisfaction of the Engineer-in-charge.

If the contractor fails to comply with requirements of this clause, such as removals of scaffolding, surplus materials and rubbing and cleaning of dirt on or before the date fixed for the completion of the work, the Engineer-in-charge at expenses of the contractor remove such scaffolding, surplus materials, and rubbish and dispose of the same as he thinks fit and clean of such dirt as aforesaid and the contractor shall forth with pay the amount of all expenses so incurred and shall have no claim in respect of any such scaffolding or surplus materials as aforesaid except for any sum actually realized from the sale thereof.

Clause: 5

Bills to be on printed forms:

The contractor shall be submit all bills on printed forms to be had on application at the office of the Executive Engineer and rates in the bill shall always be entered at the rates specified in the tender or in the case of any extra work order in presence, if those conditions and at the rates derived or calculated as laid in Clause: 13.

Clause: 6

Contractor percentage whether applied net or gross amounts of bill:

The percentage to in the tender shall be deducted from / added to the gross amount of the bill before deducting the value of any stock issued.

Clause: 7

Work to be executed in accordance with specifications, drawings, orders, etc.:

The contractor shall execute the whole and the every part of work in the most substantial and workman-like manner in respect of both materials and workmanship and strictly in accordance with the specification. The contractor shall also confirm exactly, fully and faithfully to the designs and instructions in writing relating to the work singed by Executive Engineer and lodged in his office. The contractor shall be entitled to have access to such design and drawing in the office of Executive Engineer during office hours on the site of work for the purpose of inspections and the contractor shall if he so requires be entitled at his own expenses to make or cause to be made copies of the inspections and of all such designs and instructions as aforesaid. The work included in the contract shall be carried out in accordance with the specifications, rules and regulations and code of practice laid down in the books mentioned below:

- i) Government of Maharashtra (Public work & Housing Department) Standard specification.
- ii) Indian road Congress Standard Specifications & code of practice for road Bridge sections, I, ii & iii.
- iii) Any other specification of any other department, if particularly mention in the tender.
- iv) All as built drawings should be submitted by the contractor after completion of work. As built drawings should be made with Auto CAD.

Clause: 8

Action and compensation payable in case of bad work:

If at the time before the security deposit or any part thereof is refunded to the contractor it shall appear to the Engineer-in-ócharge or his subordinate-in-charge of the work, that any work has been executed with unsound ,imperfect or unskillful workmanship or with material of execution of the work are unsound or of quality inferior to that contracted for or otherwise ,not in accordance with the contract it shall be lawful for Engineer-in-charge to intimate this fact in writing to the contractor, who shall be bound forthwith to rectify or remove and reconstruct the work so specified and provide by other proper and suitable materials or articles at his own charges and cost and in written intimation aforesaid ,the contractor shall be liable to pay compensation at the rate of one percent the amount of the estimate for every day not exceeding 10 days during which the failure so continues and in case of any such failure the Engineer-in-charge may rectify or remove and re-execute the work or remove and replace the materials or articles complained of as the case may be at his risk and expenses in all respects of the contractor. If the engineer in charge considers that any such inferior work or materials as

described above may be accepted or made use of it ,shall be within his discretion to accept the same at such reduced rates as he may fix thereof.

Clause: 9

Contractor to supply plant, ladders scaffolding etc:

The contractor shall supply at his own cost the materials(except such special material if any as may in accordance with contract be supplied by the Development Authority) stores, plants, tools, appliances, implements, ladders, cordage ankle, scaffolding and temporary work require for proper execution of the work, whether original, altered or substituted and whether included in the specification or other documents forming part of contract or referred to in these conditions or not, or which may be necessary to satisfy the requirement of Engineer-in-charge which he has right to enforce under the condition of contract together with the carriage thereof to and from the work. The contractor shall also supply without charge the requisite number of workmen with the means and materials necessary for the purpose of setting out work and counting, weighing and assisting in the measurement or examination as and when required. In the case contractor fails to do the same it may be arranged by the Engineer-in-charge at the expenses of the contractor, and the expenses may be deducted from any money, due to the contractor, under the contract or from his security deposit. The contractor shall also provided at his own cost, except when the contract specifically provides other-wise and expect for a payment due under clause 13 all necessary fencing and light required to protect the public from accidents and shall be bound to bear the expenses on defence in every suit, action or other proceeding that may be brought by any person for injury sustained owing to neglect of the above precautions and to pay damage and the cost which may be awarded in any such suit, action or proceedings to any such person or which may with the consent of the contractor be paid to compromise any claim by any such person.
